**A NEW HOME FOR  
BARAH MINISTRIES**  
Targeting January 2021

Prayers please...why a church building? In growing a church, I don't have miracles at my disposal...but a building by a congregation this small would be a miracle...people are attracted to beautiful things and this building is going to be beautiful...once we get them here then we can affect their lives...if we can't get the Lord's message in front of them there is no way to affect them.

The best \$18,500 we ever invested...Social Media Presence (\$12,000)  
...applying for grants (\$6,500)...such an exciting venture and a tremendous learning experience.
